The screenshot shows a web browser window with the title 'Register - IdentityDemo'. The address bar shows 'localhost:7216/Identity/Account/Register'. The page has a header with 'IdentityDemo', 'Home', 'Privacy', 'Register', and 'Login'. The main content area is titled 'Register' and has two sections: 'Create a new account.' and 'Use another service to register.' The 'Create a new account.' section has three input fields: 'Email', 'Password', and 'Confirm Password', followed by a blue 'Register' button. The 'Use another service to register.' section has a message: 'There are no external authentication services configured. See this [article about setting up this ASP.NET application to support logging in via external services.](#)' The footer shows '© 2024 - IdentityDemo - [Privacy](#)'.
